## Recommending Daily to join SK school board

Lucinda Tharp, Port Orchard    Published 11:04 a.m. PT July 23, 2019

I wanted to make sure that I took this opportunity to recommend Jeff Daily for position No. 5 on the South Kitsap School District board of directors.

Jeff is about helping all students to achieve success. Jeff taught Special Ed in South and to this day, Jeff sees his students happy and employed here in the community.

The truths about Jeff are that he retired from the Air Force a hero. As a pilot, three of those tours were into war zones. He also spent some of that time working in the Pentagon, which required a whole different set of skills than needed in war time.

Jeff walks the talk of humility and integrity. I have never heard him nor have I seen him take ownership or success in endeavors with others. He can lead or be a team member.

If education is important to you here in South Kitsap and you are interested in knowing where and what is happening with the district, vote for Jeff. If you want to know about how your tax money is being used, vote for Jeff.
