School board member's actions show lack of judgment

I am appalled by South Kitsap School Board President Rebecca Diehl's actions. [Two DUIs and she is still on the board \(/story/news/local/2019/07/29/south-kitsap-school-board-president-facing-fallout-second-duit/1862070001/\)](https://www.kitsapsun.com/story/news/local/2019/07/29/south-kitsap-school-board-president-facing-fallout-second-duit/1862070001/) of South Kitsap School District? Seriously!

This is who our children see as heading up the direction for South Kitsap's schools. She should have been let go from her position after the first offense. Our students see this as an ok thing to drive drunk because our board approves by keeping her on as president!

I'm discussed with the South Kitsap School Board. How do we get bonds approved when this kind of action is approved of? Total lack of judgment.
