

### **SK school board member should resign**

With two DUI arrests of the South Kitsap school board president in three years, one has to wonder why she has not taken the high road, and stepped down?

Is this the 'role model' we want for our young people? Surely, we have juniors and seniors that see the news, and, think, at prom and graduation parties, that if it's okay for a person in a leadership role to drink and drive, it's okay for me, as well!

Having lost a handful of friends killed by drunk drivers, we are appalled that she is so self absorbed to think she can get behind the wheel and drive! Those we lost to drunks were as young as 2 years old, innocent, and, killed in a head on, by a repeat offender, just as Ms. Diehl is a repeat offender. The punishment... an \$800 fine! Whoop-deee-do! 364 days suspended..? How about serving 364. You cannot say you didn't know. Drunk driving has been an issue for decades!

If you want to drink in a social environment, that's cool! Just call a cab! Ms. Diehl, do the right thing, and follow the lead of the Nevada Assistant Police Chief Clint Ryan, who was arrested a week ago, for DUI, and resigned two days later!

*Ann Welsh, Port Orchard*
