

JR Berg's Very Own PDC Violation Allegations

WHAT ABOUT REPORTING ALLEGED PDC VIOLATIONS Of The Public Disclosure Commission's Rules, Laws, Statutes & Polices.

South Kitsap School Board Director J.R. Berg thinks it is role to supervise and report status of compliance with the Public Disclosure Commission for the 10 hopeful school board candidates seeking a seat of the SKSD Board of Directors. We are not exactly sure what Director Berg's motivation is on this.

Perhaps Director Berg is just fond of finding threads to pull, to seek obtuse details, ramming Roberts Rules down meeting participants throats.

Perhaps Director Berg is now involved and commenting on matters he should not be attending to since they sure seem political to us.

Perhaps Director Berg should cease and desist his political activism on all matters involving South Kitsap School District 'as' a sitting school board director 'wearing his board director hat and badge' and save this for his own private time.

For those not familiar with or having knowledge of how one can violate Public Disclosure Commission Rules, please follow links below. They will take you to some of allegations recently brought against Director Berg's for his own missteps, missteps occurring while he is 'acting' in his official capacity as a sitting School Board Director, no less!

Here is the link to the complaint just filed today (07-21-21) against SKSD Vice-Chair Director Berg:

As a rule CSSKSD generally makes every best effort to be sure that we post information that is accurate, transparent and not overly infested with political agendas.

Please find here the links supporting specific alleged PDC violations committed by 'Vice-Chair Director Berg's below.
