And What About Those: "Attacks Against Director Berg"

Many of J.R. Berg's 'critical' posts and writing focus specifically on at least four individuals in our community, one being a fellow board director. J.R. believes that individuals "Are after me", "Are out to get me", "They all hate me", and "They are always attacking me". Here a few extracts taken directly from SKSD Board Chair Berg's "Personal & Educational" website.

Attacks Against Director Berg

Shown below are attacks against Director Berg. The outcome of the attacks or Director Berg's responses are included.

More examples forthcoming as J.R. continues his "Victim Journey"

By now we all know that J.R. Berg loves to sling the crap at others, loves to label, libel, and slander others. That he uses his website for far more than to merely educate us. He uses his website to cyber stalk and cyber bully those who disagree with his views, or those that stand up to this poor wimpy and lonely old man. It is readily apparent to this author that Mr. Berg can send it - but he cannot receive it!

In short, J.R. loves to play the role of the victim. These victim traits undoubtedly followed him from a distressed and highly disturbed childhood into his current lonely middle age life. However, he has done it! He has achieved and attained his "**Peter Principle**" station in life. He has "ascended" to the top of a small school district hierarchy as a school district board chair. It is noteworthy that when others take a moral or character inventory of Mr. Berg, he never cowers! Instead he begins to spew vile comments, commits slanders, libels, and cyber bullies. In addition, without exception he claims that "He" is the one being attacked.

Final Notes

For further interesting and insightful readings consider visiting SKSD Board Chair Berg's website where you can enjoy more of Mr. Berg's interesting comments and views of life as a school board elected person.

Alternatively - to experience all of this first hand you might consider attending one of South Kitsap School District's Board of Directors meetings. They are held either in Zoom, or perhaps if we are lucky, even in person. In person continues to depend upon how scared the school board is about actually making personal contact with members of our community.

Footnote:
It is also most interesting that SKSD Chairman Berg, PRP, consistently refers to himself in the third person when he writes and at times when he speaks. We assume he has been doing this for decades and that is just the way that professional, registered "**And Certified**" Parliamentarians keep company with themselves.
