**Sure seems like an OPMA violation to me. Remember those two ladies who could not attend and you read them. The were not attendees. And by the way I did register and requested my comments to be read. You continue to act to smart for your own good professor. Content neutral, right?**

Mr. Kimble,

Thanks for sharing your 24/7 email public comments with me and the rest of the board. We will consider your thoughts as we move forward at our SKSD School Board Meeting his evening.

Unfortunately, I will be unable to read your letter during our In-Person Public Comments time at our meeting today as the board has been clear that “per policy” that we do not accept materials to be “read aloud” at meetings but rather take only in-person verbal public comments from attendees of each board meeting whether those persons appear in the room or (by special request) via zoom.

Below is an excerpt from our GC-12 Policy which covers such matters:

**Public Comment**

The board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. As such, the board will establish and maintain a 24/7 email address for written public comments that will be forwarded to the entire board up until 3:00 pm on any given meeting day, thus providing the board time to review and reflect upon the public comments prior to each board meeting. Furthermore, in order to permit fair and orderly expression of verbal public comments, the board will provide a (up to 30 minute) period at the beginning of each regular board meeting during which attendees may present in-person to the board. If more than 10 participants indicate that they wish to make verbal comments at the start of the board meeting (thereby potentially exceeding the 30-minute cap) names will be randomly selected from the list of potential speakers until the requested speaker

list is exhausted or the 30-minute time period expires (whichever comes first). The board will make reasonable accommodations available for individuals who have difficulty attending an in-person board meeting but would still like to make a verbal public comment. For those individuals whose circumstances make it difficult to attend in person we will provide an option to attend the meeting virtually. Those requesting the option of remote public comment must send in a request to our public comment email address stating their legal name and indicating their desire to speak during public comment no later than GC-12 Meetings - Page 5 of 5 3:00 pm on the day of the meeting. Those remote requesters doing so will be added to the list of potential speakers for public comment at the start of the board meeting. Individuals, after identifying themselves by legal name, will proceed to make comments within the time limits established by the board. Each individual will be allowed three minutes to speak. The chair/president may interrupt or terminate any statement when it exceeds the time limit, or is vulgar, obscene or grossly disruptive to the board process. Any restriction imposed must be viewpoint neutral. The board as a whole has the final decision in determining the appropriateness of all such rulings. Public comment is an opportunity to direct comments to the school board for its consideration. Any specific operational questions raised during public comment will be addressed to the chair/president, who will typically refer the question to the superintendent for a detailed response to the individual at a later time. The superintendent will then also report the response to the board at a subsequent public meeting. Minutes The secretary of the board keeps the minutes of all board meetings. Minutes become official after approval

On another note, I have to disagree with you that any of my comments about your technological issues have been “hysterical” [sic]. To the contrary, I have been exceedingly patient with your ongoing technical and operational insufficiencies. I do genuinely hope that your personal internet connectivity issues are resolved soon for the benefit of all.

Sincerely,

Jefé.....

**Dear Mr. Winter, Director Wilson, and other School Board Members:**

**Dave Kimble here,**

**I'm still having audio problems with my equipment and ask that the following comments below be read into the record at the 02-01-23 SKSD Board Meeting. You have already done this (Mr. Wilson) for others when they wrote letters they emailed to you, meeting the requirements set forth in board policy. I am not able to attend in person tonight due to some health issues.**

## **Letter**

**I have been "treated" to the opportunity to read Mr. Wilson's character assignation letter sent to Mr. Daily just before this past Christmas. That letter was also emailed to all board members and the District Superintendent. This is a hate letter, plain and simple. I also believe those members had prior knowledge of this letter before it was sent, and then once it was transmitted, they now also shoulder responsibility for this letter since they did nothing to stop its transmission. Mr. Wilson's words and writings are now 'owned' by three other school board members.**

**We are now well beyond mere missives or criticisms. Mr. Wilson's words are intended to tear at the fabric of a fellow board members character, ruin his standing and reputation in his community, but primarily to sabotage any possible future effort to successfully attain**

future office on the school board.

Mr. Wilson sprays his vile words at will against Mr. Daily with virtual legal impunity, given how our State's laws on defamation and slander never seem to apply to an elected official when written or spoken against another elected official. Your reason for writing this letter is abundantly clear. You are a union tool who continues to cozy up to SKEA to help them attain their wishes and goals of filling every board seat with pro-union candidates.

Your past PDC complaint against a write in candidate was disgusting. Anyone who alleges that a candidate is the leader of a "Criminal Conspiracy" to defrauded 1200 or so voters who did not vote for you, and yet you won the elections might consider having someone assist you in an "ethics check-up". Why in the world would you also sign that PDC complaint using your formal elected board title if not to abuse your authority and attempt to give "more weight" to your compliant to PDC. I mean come on; you had already won your board seat! Why would you slander and defame any community member? Clearly that case was for personal gain. And now, you sign this recent hate letter sent to Mr. Daily using your official board title again, and for good measure you also tack on your Phd title. How would your psychology PhD holding peers feel about this?

Your purpose is clear to me. Your letter is intended to shred a fellow board members character; attempt to sully his reputation in our community, but most pointedly work to ruin any possible chance that he might be elected should he choose to seek office.

You and your board cohorts continue to cozy up to the school unions to assist them in cherry picking board candidates by attempting to scare non-union community members from running for any school board seats. You are in fact a leader of your own conspiracy who is attempting to install only those community members into school board seats that will fall in line with SKEA's goals and wishes.

In closing, I expect the community will react to this letter once made public with the most appropriate vote they cast in the upcoming bond ballot coming this November.
